

# Redefining Commands

Javad M Alizadeh

## 1 Introduction

These are a few ways to control the typesetting output.

### 1.1 Continuing a list

1. First
2. Second

Now I have more to say ...

3. Third
4. Fourth

You can do this without a package too:

5. Fifth
6. Sixth

### 1.2 Changing the numbers

- A. One
- B. Two
- C. Three

### 1.3 Changing the bullets

- Ready
- Set
- Go

## 2 Conclusion
