Algorithms

Javad M Alizadeh

1 Introduction

Creating nice pseudo-code algorithms.

1.1 My Algorithm

Did you learn LaTeX?

  if $learned \geq sortof$ **then**
     $okay \leftarrow true$
  else
     while $!okay$ **do**
        repeat course
        $okay = learned \leq sortof$
     end while
  end if

1.2

2 Conclusion
